

Implemented by

Agenda for the Training and Write Shop:

Climate Finance and Proposal Writing, Gaborone, 3. Dec- 7. Dec. 2018

Objectives

- To gain an understanding of the landscape of international climate finance mechanisms notably for adaptation and understand main principles and logic to access climate finance;
- To understand the principles of establishing coherent bankable investment proposals for climate finance and the logic of environmental and social safeguards;
- To understand main processes for submitting project proposals (project cycle, pipeline) and of typical assessment criteria applied;
- To examine the suitable financing programmes and be able to take initial steps to conceptualize and structure funding proposals.

Outputs

- Participants are in a position to tackle the task of planning a climate funding proposal
- Participants have modified their ideas for climate projects from their respective areas

Participants

Senior officers from the Ministries responsible for agriculture and for national planning in SADC member states that have sector and finance/proposal writing duties.

Trainer and Organising Team

Udo Hoeggel, Silas Irea, Wiebke Foerch, Lena Lorenzen
